Instructions (This section will be the bottom of table tent after assembled)

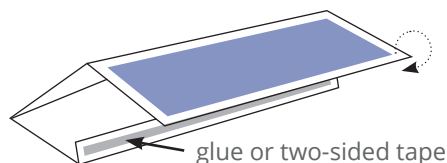

1) Locate the three folding lines
(one long one separating the
bottom from the tab and four
short ones on the sides of the
page near the art).

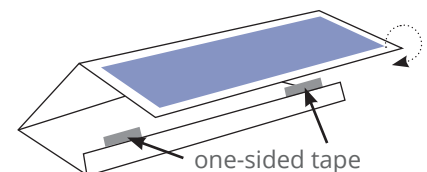

2) Make three horizontal folds
following the folding lines.

3) Choose Option A or B

A. Apply glue or two-sided tape to
tab on the same side of the paper
as the artwork. Then fold tent and
stick tab to back of the dark blue
section of the artwork.

B. Using one-sided tape, stick two
pieces of tape to the tab on the side
opposite the artwork. Make sure
the two pieces are placed towards
the edges of the page. Half of the
piece of tape should be hanging off
of the tab to allow for them to stick
to the inside of the table tent when
folded. Fold table tent and stick
tape on the back of the dark blue
artwork section.
